

DownRiver Collective Bio

DownRiver Collective is an award-winning modern bluegrass band from Nashville, Tennessee. Drawing on a wide array of influences, DRC's music reflects the passions of its members: elements of traditional bluegrass, old-time folk, and classic country can be heard alongside flavors of Americana, rock, and modern pop.

The full band's debut EP "Off the Shelf" was released in the Fall of 2023 and in 2024, DownRiver Collective was named the IBMA's Momentum Band of the Year. Following a successful first outing with "Off the Shelf," DownRiver Collective is heading back into the studio in early 2025.
